**RESPONSE TO RESTRICTION REQUIREMENT**

Box Fee Amendment  
Commissioner of Patents  
Washington, D.C. 20231

Dear Sir:

The remarks below are provided in response to the Office Action dated January 10, 2003.

RECEIVED  
FEB 26 2003  
TC 1700 MAIL ROOM

**REMARKS**

Claims 1-43 are pending in the instant case.

Claims 1-43 are subject to a restriction requirement under 35 U.S.C. § 121 as follows:

**Group I:** Claims 1-10, drawn to a coffeemaker and control therefore, classified in class 99, subclass 280; and

**Group II:** Claims 11-43, drawn to a method, apparatus, and machine readable signal-bearing medium for providing data to a coffeemaker, classified in class 700, subclass 1.

Initially, Applicant believes that the classification of Groups I and II includes a typographical error and that, since Claim 11 is dependent from claim 1, Group I should actually be drawn to Claims 1-11 while Group II should be drawn to Claims 12-43.

Accordingly, Applicant provisionally elects, with traverse, the invention of Group II Claims 12-43, drawn to a method, apparatus, and machine readable signal-bearing medium for providing data to a coffeemaker.
